

Liners & Suspension

Alpha® Flex Sleeve

Featuring a highly flexible fabric for greater comfort, flexibility and increased range of motion, the **Alpha Flex Sleeve** may be used with locking suspension, suction suspension, or with LimbLogic™ VS for creating an airtight seal. The Alpha Flex uses a unique blend of Kevlar pulp and traditional Alpha gel with mineral oil. This blend provides increased sleeve durability as well as greater puncture and abrasion resistance without compromising comfort. For even more durability, the Alpha Flex Sleeve features a contoured polyurethane pad on the interior fabric cuff. This pad, which covers the typical socket brim, helps reduce damage to the seal due to impacts in the brim area.

SPECIFICATIONS

SIZES	Seven sizes (Sizes 2 through 8)
COLORS	Buff Black
GEL THICKNESS	3 mm
WARRANTY	90 days from date of original shipment from Ohio Willow Wood
U.S. L-CODE SUGGESTION	5685

- Features Kevlar-Reinforced Alpha Gel
- Flexible Fabric
- Use With LimbLogic VS and Reflected Alpha MAX Liner for Airtight Seal
- Interior Polyurethane Pad at Brim Provides Extra Protection
- Available in Seven Sizes

Distal Measurement

Proximal circumference is measured 6" (15 cm) from center of patella.

Distal circumference is measured at center of patella
