

Liners & Suspension

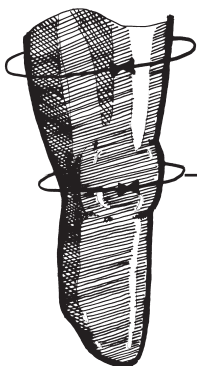

Alpha® Spirit Suction Seal

The Alpha Spirit Suction Seal is made with the new Spirit fabric on the outside and inner cuff. It is shipped with small tabs of a Velcro®-like material for use in attaching the Suction Seal to the Spirit Liner, to achieve a securely fitting seal that will not migrate. When used in conjunction with a suction device, such as the Alpha Suction Pyramid or Alpha Suction Pro, the result is a superior suction suspension. This seal features an interior fabric cuff to protect the Alpha gel from being damaged by the socket trim line. The Alpha Spirit Suction Seal is available in seven different sizes and two color options.

- Durable Unbroken Loop Fabric and Alpha Gel
- Helps to Eliminate Seal Migration by Attaching to Spirit Liner
- Interior Fabric Cuff Prevents Damage to Alpha Gel
- Seven Sizes and Two Colors
